Dear Parents and Carers,

New Key Stage 1 Assessments in 2017

The 2017 Key Stage 1 assessments are the second year which assess the new, challenging curriculum which was introduced in 2014. Children's results are no longer reported as levels. Each child's teacher assessments are based on new standards published by the Department for Education.

Your child can achieve either 'Working towards the Expected Standard', 'Working at the Expected Standard' or 'Working at Greater Depth within the Expected Standard' for reading, writing and mathematics. For science they can be awarded, 'Has not met the Required Standard' or 'Working at the Expected Standard'. Miss Pritchard has taken account of your child's test score when deciding on her overall Teacher Assessment.

This table shows the percentage of eligible pupils and their attainment at the end of Key Stage 1 in 2017 and at a National Level in 2016. The number of eligible students is 30. The shaded sections of the table represent 2016 national teacher assessment data for core subjects.
