Parents' Meeting

1st November 2017

Mr M. Rodgers - Mathematics Co-ordinator

MyMaths.co.uk

What is MyMaths?

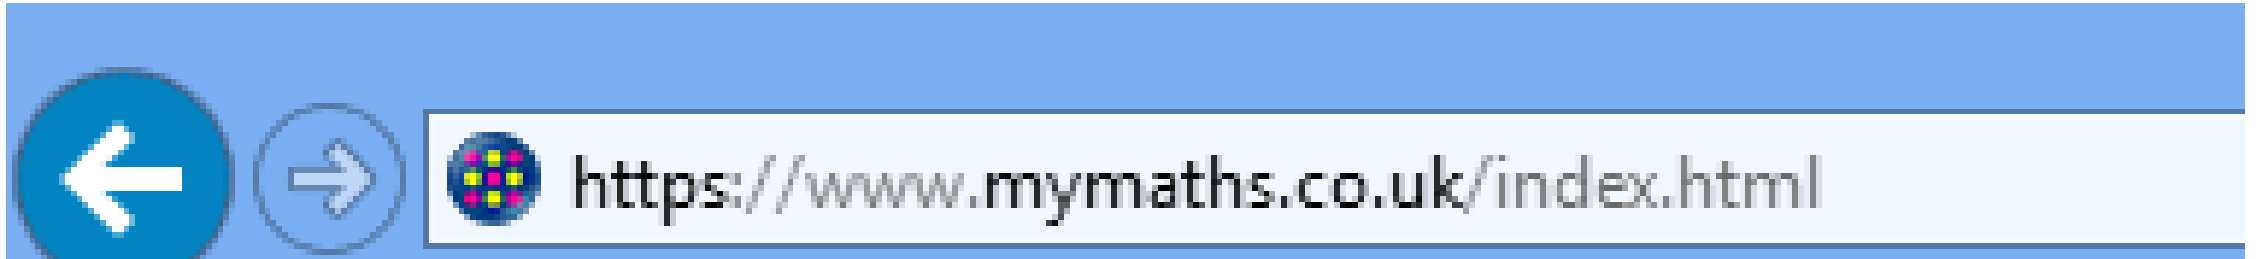

- MyMaths is an interactive online teaching and homework website for schools that builds pupil engagement and consolidates maths knowledge. It is used in over 70 countries by approximately four million students each year!
- Builds children's skills, confidence and fluency in maths through lessons, homework, games and booster packs.
- Assesses progress of every child with instant feedback for teacher and child.
- Provides a link between school and home, with access available for parents to review their child's progress.

MyMaths.co.uk

What is MyMaths?

- A safe, secure and encrypted website:

- A website which makes maths fun and interactive.
- A website which is used in thousands of primary schools across the country, and many secondary schools, including John Port School.

How do I access MyMaths?

MyMaths.co.uk

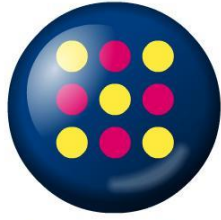

- The website can be used on any laptop or PC directly from the internet.
- It also accessed on any android, Apple tablet or mobile device by using the following free downloadable app:
- Puffin Academy: 
- This is due to MyMaths, like many other online educational resources, being a Flash based resource.

What does MyMaths look like?

- Let's have a look!

MyMaths.co.uk

When can my child get started on MyMaths?

- To start to use MyMaths, simply use the generic login details to the main website:
 - Username: willington1
 - Password: success296
- Every child in Year 3 – 6 also have their own personal login details which they type into the My Portal section. These are written down within their reading diaries.
