Thursday 23rd February 2017

Dear Parents,

Smarties!!

On Thursday 2nd March, I will be continuing to teach the year 3 children about fractions in our numeracy lesson. To make this more fun for the children, I am planning a practical lesson involving chocolate Smarties!

At the end of the activity, I am certain that the children will ask if they can eat the Smarties.

On this occasion, although this goes against our school healthy eating policy, Mrs Gallimore has agreed that the children may bring the Smarties home.

The children will be told that they must not eat the Smarties until they have permission from an adult at home.

With thanks,

Mrs N Robinson
